

## Loan Program Information

The EnergyWyse Loan Program provides qualifying members of Adams Electric Cooperative with low interest loans to install high-efficiency, all-electric heating and cooling systems, energy-efficient windows and doors, insulation, standby (permanent) generators, and portable/PTO driven generators. These funds are available for new construction as well as for existing homes and businesses. Each of these loans requires members to follow the application guidelines outlined below. Loans for residential service upgrades are available as well and may be approved based on the members' payment history with the Cooperative.

Members completing two or more projects simultaneously may qualify for a "combined loan." The loan amount may not exceed \$30,000.00 and will be financed over a ten (10) year time period. Combined loans will be at the applicable HVAC/Generator rate. A \$50 application fee is required to help offset administrative costs to process the loan. This fee is returned to the member if the loan(s) is not approved.

Details of Adams Electric Cooperative's EnergyWyse Loan program are as follows:

### **Energy Efficiency (windows, doors, insulation)**

## **Loan Procedure**

- Complete and submit a loan application. Application must be signed.
- Include the \$50 loan application fee.
- Get a quote and/or billing statement from the contractor and submit with the application.
- Upon receipt of the application, Adams Electric Cooperative will obtain a credit report, check payment history with the Cooperative, and check credit references.
- Loans for \$5,000.00 or less may be approved by Adams Electric Cooperative's General Manager. Loans over \$5,000.00 must be submitted to the Board of Directors for approval.
- Unless directed otherwise, checks are made payable to the member.
- Loan payments are added directly to the member's monthly electric bill.
- There is no penalty for paying off the loan early.

If you have questions or need more information about the loan application process, please contact Bill Stalder at (217) 509-7760 or at [bstalder@adamselectric.coop](mailto:bstalder@adamselectric.coop).
